Your Excellency,

I'm with the Amnesty International
We are concerned with the fact that
the military has been torturing & kid-
napping people for no reason. This is a
major violation of human rights. One
example is Alfonso Chanfreau. He was
sent to a detention center, tortured, &
then sent away. We ask you to look
into this case, & find out the where-
abouts of this man, along with the
others.

We hope that you would stop
this kind of abuses.

Sincerely,
Lily Kao
