Dear Mr. President:

It was an honor to be able to enjoy so much of your time during my visit to Chile last August with Senators Bentsen and Baucus. For each of us our two week journey through Mexico and South America was most impressive.

While the world's attention seems to be taken by the drama of political change on the EurAsian continent, for Americans it is the political and economic changes throughout this hemisphere that mean the most to us and to our children.

Personally, I learned a great deal from my visit to Chile. I am anxious to return and I look forward to our ongoing exchange of views.

Respectfully yours

Dave Durenberger United States Senator
