(NO VIEWER)

I am genuinely flattered and honored to have been included among those invited to the Inauguration of Patricia Aycin Astoer on March 11-13.

I wish I could attend. But even though that will not be possible, I will be thinking of all of you on March 11-13 - thinking of your bravery, your hope, your commitment. From your very good friend Ximena Dunster, I have followed your struggles over all these hard years. You are creating a model for the rest of us. Warmest congratulations to you all!
