Your Excellency:

I am writing **ARCH.V.** out of concern about the impending deaths of Mauro González Quiroga (32), René Larco Aguilar (21) and Roberto Fausto Mamani Morales (20), all found guilty of murder and sentenced to death.

I urge you to work for the end of the death penalty in Chile and to have their sentences commuted.

The death penalty is in itself murder. Please spare these men their lives and work to end this barbaric punishment.

Sincerely,

Rosemary Lennon.

Your Excellency,

I am very glad to learn of your Excellency's opposition to the death penalty.

I think I can request that you exercise your power of clemency and commute the death sentences against three Peruvians, namely, Mauro Gonzalez Quispe, Rene Larico Aguilar and Lisbert Fausto Mamani Morales.

I, as a member of Amnesty International, oppose the death penalty ~~in Chile~~ any kind.

I must, therefore, call for the total abolition of the death penalty in Chile in line with the worldwide trend.

I am convinced that the abolition will ensure long-term respect for the human rights of all peoples, regardless of nationality, which the death penalty clearly violates.

Respectfully yours,

Ohara Mikiko
