As a member of Amnesty International, I am glad to hear of your opposition to the death penalty. I only ask that you use your power of clemency and commute the death sentences against Mauro González Quispe, René Larico Aguirre and Lisbert Fausto Mamani Morales.

Of course the best thing would be to just completely abolish the death penalty in Chile. The abolition will ensure long-term respect for human rights of all peoples, regardless of nationality.

Thank you,

La apremiante necesidad que tengo de sacar a mi familia de Cuba, me anima a dirigirme respetuosamente a Ud. No ignoro que las responsabilidades inherentes a su elevado magisterio, le impidan ocuparse de asuntos de tan poca importancia como es el caso de unos visados para entrar en esa republica.

Pese a lo anterior, me estoy repito dirigiendo a Udd. con la esperanza de obtener visas de entrada en Chile para mi hermana, mi sobrino y su esposa e hijo; de conseguirlo, puedo asegurar que no serian carga publica, pues yo desde aqui sufragaria sus gastos.

Esperando que la presente misiva llegue a su poder, y confiado en su generosidad; queda de Ud. con todo respeto,

Your Excellency:

I am pleased to learn that you have commuted the death sentences of Mauro González Quispe, René Larico Aguilar and Lisbert Fausto Mamani Morales.

However I understand that RAFAEL ESCORZA HENRIQUEZ is still under sentence of death for illicit terrorist association. Please use your power of clemency to commute his death sentence also. I ask for this favor as an individual and as a member of Amnesty International - we are opposed to the use of the death penalty in all cases.

Please use your considerable authority to press for the complete abolition of the death penalty in your country as we try to do the same in the USA.

Thank you for your consideration

Sincerely,

Alan Rodely

Sr. Presidente:

Le escribo para mostrarle mi preocupación por la pena de muerte a la que han sido sentenciados los ciudadanos peruanos Mauro González Quispe, René Larico Aguilar y Lisbert Fausto Mamani Morales por el asesinato de los estudiantes chilenos Marjorie Navarro y Alexander Orrego.

Me dirijo a usted para pedirle clemencia por la vida de estas tres personas, aún reconociendo la gravedad del delito que supuestamente cometieron. Es sabido que usted numerosas veces ha mostrado su oposición a la pena de muerte, lo cual me complace y me da esperanzas de que la vida de estas personas pueda ser salvada.

Como miembro de Amnistía Internacional me manifiesto en contra de la pena de muerte por considerar que esta constituye una violación de los derechos humanos. Le pido la total abolición de la pena de muerte en Chile como ya han hecho, de forma legal o práctica, más del cuarenta por ciento de los países del mundo.

Muchas gracias por su tiempo.

Dear Mr. President,

As a person who always is involved in human rights and concerned about human rights violation I am writing to express concern about the extrajudicial execution of Nelson Wladimir Cornejo Lincoqueo on September 11, 1973. He was shot in the back of the head while he was before thought to have drowned trying to escape. Amnesty has been campaigning since 1973 for all all human rights violations carried out under military government to be clarified and for those responsible to be brought to justice.

Sincerely,

Kathy Blanton

Thanks to Chile for showing leadership in these decisions.

Your Excellency,

I am writing to express concern for the lives of three Peruvians sentenced to death for the murders of two Chilean students in January of this year. It is my understanding that your civilian government first proposed abolition of the Death Penalty in 1990. I applaud your personal opposition to the death penalty and respectfully request that you exercise your power of clemency and commute the death sentences against these three men.

Amnesty International is a human rights organization which opposes the death penalty in all cases as a violation of the right to life and the right not to be subjected to cruel, inhuman or degrading treatment or punishment. Such opposition has been publicly declared in the United Nations' Universal Declaration of Human Rights. As an active member of Amnesty International, I urge you to totally abolish the death penalty in Chile in accordance with the worldwide trend. Today, at least 40% of all countries have outlawed capital punishment in both practice and in law. Abolition would ensure long-term respect for the human lives of all peoples (the lives of three Peruvians in this instance), regardless of nationality, which the death penalty clearly violates.

Thank you in advance for your consideration and cooperation.

Sincerely,

Your Excellency,

I am writing to request clemency for the following prisoners currently sentenced to death: Mauro González Quispe, René Larico Aguilar, Lisbert Fausto Mamani Morales and Juan Domingo Salvo Zúñiga. Amnesty International, in accordance with the Universal Declaration on Human Rights, opposes the death penalty in all cases. We understand your government proposed the abolition of the death penalty. We urge total abolition of the death penalty in Chile in line with the worldwide trend (over 40 percent of all countries have now abolished death in law or practice) we feel this will ensure long-term respect for the human rights of all people.

Sincerely,

Tammy M. Boger

Your Excellency Sr. Patricio Aylwin Azócar,

I am greatly concerned about the welfare of three prisoners who were arrested for the murder of two Chilean students in January 1992, and were sentenced to death. Their names are Mauro González Quispe (Aged 32), René Larico Aguilar (Aged 21), and Lisbert Fausto Mamani Morales (Aged 20). I welcome your opposition to the death penalty, and I respectfully request that you use your power of clemency and commute the death sentences against these three men.

Amnesty International is totally opposed to the death penalty in all cases as a violation of the right to life and the right not to be subjected to cruel, inhuman, or degrading treatment or punishment, as proclaimed in the Universal Declaration of Human Rights. I urge you to call for the total abolition of the death penalty in Chile in line with the worldwide trend. Over forty percent of all countries have abolished the death in law or in practice. This abolition would insure long-term respect for the human rights of all peoples, regardless of nationality, which the death penalty clearly violates.

Again I beg you to commute the sentences against Sr. Quispe, Sr. Aguilar, and Sr. Morales.

Respectfully,

J. Michelle Bailey
