H.E. Mr. Patricio Aylwin Azocar  
Office of the President  
Palacio Dela Moneda  
Santiago, Chile

Dear *President Aylwin,*

I have arrived safely at home, and I could not permit a lapse of time before writing to thank you for all the courtesies extended to me during my recent visit to your beautiful country.

I remain convinced that both our countries can benefit positively from sharing our experiences for the betterment of our peoples.

The arrangements made for myself and my delegation were of a high standard, and the hospitality of yourself, your Government and your people, will be difficult to surpass. Above all, there were friendships which were made, which have left fond memories of the visit to your country.

May I take the opportunity of thanking you, the Government and people of Chile, for all the kindness shown to myself and my delegation, and a personal wish for your future happiness and well being.

I look forward to receiving you in Jamaica in the very near future.

Yours faithfully,

P.J. PATTERSON  
PRIME MINISTER
