Dear Mr President,

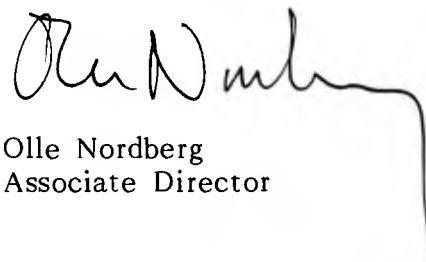

With deep appreciation we have received your gracious invitation to attend your inauguration as President of the Republic of Chile and the ceremonies and events taking place in this context. We sincerely regret that prior commitments, from which we have been unable to extricate ourselves, prevent us from being present at the inauguration.

Expressing our sincere respects and trusting that Chile under your Presidency will once again spearhead the movement for true democracy in Latin America, we remain,

Yours very truly,
