Dear Paricio

Greetings from the
united states.

I admire your career and
position, also I love to
travel and would love some
information on your country.

I am a hairstylist in
a nursing home. I have over 200
elderly patients. They would
love to hear from you. So
would I.

We are collecting signatures
of famous influential men.

Could you please send us
your signature.

Thank you for taking
time out for us,

Thank you

Tracy
