Dear Mr. President,

This letter is written to urge you to establish a committee inquiry to investigate evidence of army and police involvement in extra judicial executions in your country. I am expressing my concern in regards to unresolved human rights violations against indigenous peoples including Nelson Wladimiro Curinir Lincoqueo in 1973. I am deeply concerned with the report of his execution. It is hoped that the creation of a committee of inquiry will serve to halt extra legal executions and insure the safety of innocent citizens. You are also urged to make public the findings of the committee.

Sincerely,
