Dear Sir,

I am writing to express my concern about the death sentence of Rafael Escorza Henríquez. I and Amnesty International are totally opposed to the death penalty as a violation of the right to life and to not be subjected to cruel, inhuman or degrading treatment or punishment. I congratulate and thank you for ~~for~~ commuting the death sentences of various other people and ask that you do the same in the case of Rafael Escorza Henríquez. I would also like to ask that you use your power to ~~abolish~~ ^{abolish} the death penalty in order to insure the rights ~~of~~ of all people regardless of nationality.

Sincerely,

Frank Power
