Your Excellency,

As a member of Amnesty International, a world-wide organization concerned with freedom of opinion and the defence of nonviolent political prisoners in every part of the world and under every kind of regime I warmly welcome the decision of Your Excellency to commute the death sentences of **Mauro González Quispe, René Larico Aguilar** and **Lisbeth Mamani Morales**.

Despite that I am seriously concern that **Rafael Escorza Henríquez** has been sentenced to death. I respectfully request Your Excellency to exercise your power to clemwncy to commute his death sentence.

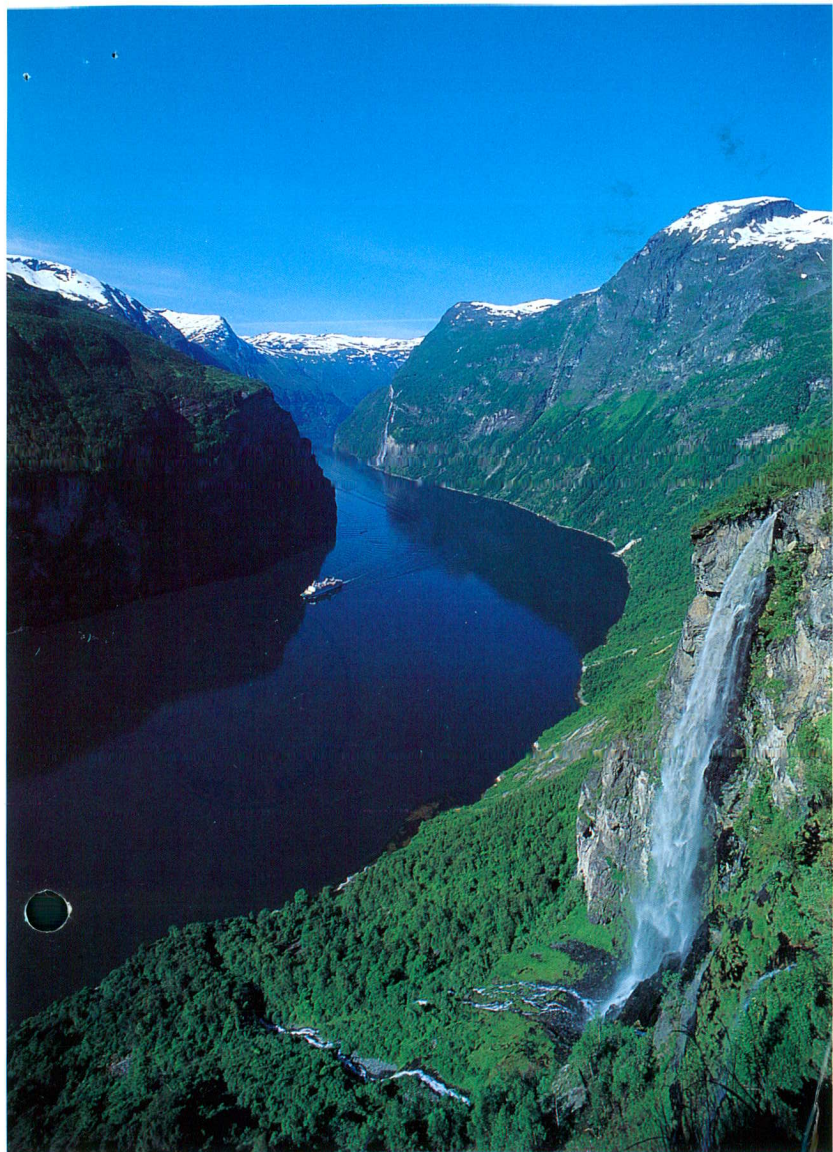

Amnesty International opposes the death penalty in all cases as a violation to the right to life and the right not to be subjected to cruel, inhuman or degrading treatment or punishment, as proclaimed in the Universal Declaration of Human Rights.

Therefore I am calling for the total abolition of the death penalty. The abolition would ensure lomg-term respect for the human rights of all peoples, regardless of nationality, which the death penalty clearly violates.

9st September 1992

Yours sincerely and respectfully,

Mr. Presidente,  
May the writer call your attention to the legal cases of Rafael Escobar Henríquez who is sentenced to death, would you please, see what you could do to change this penalty.

It gave much hope to learn of the commuting of the death sentences of Mauro González Quispe, René Lavico Aguilera and Lisbert Fausto Mamani Morales. The world is looking forward to the total abolition of the death penalty in Chile. Such a abolition would ensure long-term respect for the human rights of all peoples, regardless of nationality.
