Excellence,

with great pleasure I became known of your decision Mister President that you have commuted the death sentences of M. Gonzalez Quispe, R. Larico Aguilar and L.F. Mamani Morales.

As a citizen of another state, I would like to say thank you that you value higher the basic right of life and that you grant this basic right on to chilean people.

As you know the worldwide neutral Human Rights Organisation "amnesty international" with all its members, thousands of people everywhere, work for the abolition of the death penalty, because death penalty violates the basic right of life and is also inhuman and cruel.

I would like you to encourage and strengthen to keep on with commuting death penalties and especially as President to keep on to work for abolition of death penalty in chilean law and constitution. Since the state Chile has ratified the "International Covenant on Civil and Political Rights" and the "Anti-torture-Convention", the abolition of death penalty would be a logic, consequent step.

To all chilean people I do wish all the best.

Yours respectfully  
*Roswitha Schmid*
