Your Excellency,

As a member of Amnesty International, I am opposed to the death penalty in all cases without reservation. Therefore, I was very much disturbed to hear that on 19 October 1992, Juan Domingo Salvo Zuniga was confirmed the death sentence by the Supreme Court for the murders of Antonia del Carmen Cabrera and her three children.

As President of the Republic of Chile, you have the authority to commute the sentence. I urge you to do so, because the death penalty is against all humanitarian principles of advanced societies such as that of the Republic of Chile.

Thank you very much for your attention to this case.

Yours Respectfully,
