Dear Sir:

A re-appraisal of the (Nato) North Atlantic Treaty Organization deems **advisable**, considering the coup in Russia and recent war in Europe!- It demands a resolute decisive and dependable worldwide - a GLOBAL UNITED NATION SECURITY ORGANIZATION!- It would be shortsighted and half measure if not planned GLOBAL! - With the capable coalition forces commander General Schwarzkopf at the helm!

Take into account his outstanding training and 30 years of valuable practical experience, including Vietnam and the recent Persian Gulf War! - General Norman Schwarzkopf is eminently qualified to spearhead and fill the position of the Presidency of a strong GLOBAL UNITED NATION - and at times, that of a Referee and Enforcer of Democracy among all peace loving countries and human beings!

I'm convinced most countries will embrace the plan and become supportive beneficiaries of a strong United Nation Security Organization! Thereby eliminating the Warsaw and all other pacts, that are anti Democracy! - They all stand to gain a substantial saving by abolishing their no longer needed costly Nuclear and Military force! - Retaining their Police force only!

2

All Nations will be able to channel their energy and resources into non-military production, such as Agriculture, industry, build lasting projects, produce business in general and upgrade their standard of living to heaven on earth! Every participating country shall sign a declaration and pledge allegiance to the newly adopted United Nation and promise to uphold and abide by the laws, rules and regulations for which it stands! - They shall contribute their quota, (based on the size of their population) of military personnel to join U.N. peacekeeping forces! They shall assume the expense for their food, clothing and training, within a basic rotating system under the United Nation's Command! These soldiers shall be highly trained, to be the best in all branches, because the whole world will rely on this Security Umbrella of our United Nation! Hopefully headed by "General Norman Schwarzkopf!"

Under the newly adopted United Nation laws - no country shall be allowed to MANUFACTURE AND SELL DISTRUCTIVE WARRING WEAPONRY AND AMMUNITION, except for civilian hunting purpose! - AIRCRAFT to be sold for civilian and commercial consumption only! - Thereby squeezing all hungry and greedy war Merchants out of business! Annexing territory by force will no longer be tolerated! - All Annexing and merging has to be done by the ballot box only!

THE CONSEQUENCE ?

THERE WILL BE AND SHALL BE - NO MORE WARS !!

3.

This strategy is the SIMPLEST INEXPENSIVE AND ONLY SANE
WORKABLE SOLUTION, TO PREVENT WARS!

It's certainly worth the effort and the price! - We must
diligently enforce our newly adopted U. N. laws and com-
mence the withdrawal of all no longer required military
occupation forces, and start living in peace and harmony
among ourselves and neighbors, for the rest of our lives!

Most parents, especially the Women, are reluctant
to bring children into this world, raise them till they're
18 years of age, just to have the Government snatch them
into the military, because our way of life prescribes a
WAR every 10 years! - Well, it doesn't have to be that way!

I predict if this challenging plan would be put
to a vote the world over, it would overwhelmingly pass,
because, all our VOTING WOMEN (God bless them all) would
enthusiastically support it!

TO ALL THE WOMEN!!

YE WHO GIVETH LIFE -- SHALL PRESERVE AND PROTECT IT!!

Unless we adopt and adhere to this concept - we're only
kidding ourselves, like we have been kidding ourselves
since the first WORLD WAR and long before that!

No doubt many of you remember that shallow gullible phrase
uttered by the war mongers - "This is the War, TO END ALL
WARS!" - BUNCH OF DAMNABLE HYPOCRITES!

The U. N. peacekeeping forces are entitled to the
best and most modern weaponry!

4.

Since United States has proven theirs in the Persian Gulf War to be superior, I would recommend the best that's available. To avoid any friction and ill feeling - the manufacturing of all Defense Material could be supplied by the 3 most capable and trustworthy Allies - subject to inspection! In maintaining GLOBAL PEACE, our newly formed U.N. shall have one of the most sophisticated and sensitive intelligence network and the fastest Jets at their disposal. They shall be stationed at various stratigic places and function like a well unified Defense Organization. Their highly skilled Swat Teams can spring into action at one moments notice! Speed and surprise shall be their Motto! To squash all adversaries - before it erupts into a bloody War!

The U.N. laws must contain a decree to enable swift settlements of disputes wherever the peace and welfare of a non-U.N. member is threatened!

I sincerely hope the above plan meets with your approval and the challenging assignment be offered to General Schwarzkopf! He definitely would mold this into a better and safer world to live in! - May God bless all his needy children!

Sincerely

A caring retired Senior Citizen
