Dear Mister President,

please permit me to express my deep concern at the threats being made against members of CODEPU and the raiding of its offices in the early hours of 29 January.

Last year I had the possibility to get to know a member of CODEPU personally in the course of a lecture. I found his concepts in family work very stimulating to my work with broken home families.

To hear about the threats now makes me feel sad. Under your presidency Chile has become a country with democratic rules. Since I believe you wouldn't let happen that members of human right groups cannot conduct their legitimate activities without fear of reprisal, I do ask for adequate steps to be taken to protect the lives and physical integrity of all members of CODEPU. I would appreciate it very much if you'd give me further information about the codepu case.

Yours sincerely  
Udja Holschuh
